

Business Conduct Principles

1. Fulfil client satisfaction while creating and providing value that benefits society.
2. With the highest standards of compliance with all laws, promote fair competition.
3. Ensure transparent and sound corporate management with appropriate and adequate disclosure to the public.
4. Continuously improve our business with appropriate corporate governance and adequate disclosure for our shareholders and the market.
5. Respect diversity of our employees and provide opportunities and environments maximizing their professional development.
6. Respect the culture, customs and environment of countries and regions where we operate, and positively contribute to those economies and societies.
7. Strictly avoid involvement of unlawful or anti-social organizations.
8. Maintain transparent relationships with the authorities and the media.
